Lebanon County Democrats Statement on Senate Healthcare Bill

Lebanon, Pa. (June 26, 2017) - Senate Republicans have revealed their version of the Trumpcare, a bill that has left Lebanon County Democrats concerned for the wellbeing of Pennsylvanians and suspicious of the tax cuts embedded in the bill.

Pennsylvania's Senator, Pat Toomey was involved the drafting process and he knows the bill is expected to increase costs of healthcare for Pennsylvanian families and kick tens of thousands off of their current healthcare plans. We expect to hold Senator Toomey accountable for his vote, should he approve the bill. The bill means higher health costs, tens of millions of hard-working Americans losing coverage, gutting key protections, a crushing age tax, all at the expense of Medicare.

"This heartless bill threatens the vulnerable disabled individuals who have in recent years been able to achieve an important level of independent living," said Lois Herr, Lebanon County Democrats Chair. "We have watched in recent days as representatives of this group have, with courage and strength, tried to make their case in the halls of congress. As Democrats we will fight with them to build and maintain a humane healthcare system."

Democrats in Congress, across the country, and in Lebanon County will continue to fight with all our strength to protect our seniors and hard-working families from Trumpcare's assault on their healthcare.
